paid media

your first 30- days: £2,000 one-off fee.

During your first month we'll take care of every single element for you. Including a complete audit of your website, social channels and Meta suite to ensure that your accounts are as optimised as possible for running paid media campaigns. This will include all tech management (integrating with Growth Engine or similar) all ad creative, copy and strategy along with email marketing assistance.

After this 30-day period you'll then drop into one of our two tiered retainer options.

- ads management
- ads reporting
- landing page design
- ad creative
- ad copy
- email copy
- automation
- management
- dedicated designer

option one:
£1,800p/m + % Ad Spend

- ads management
- ads reporting
- 30-day cancellation
- email copy
- dedicated designer
- creative
- video
- tech

This covers every single element of your campaigns and is essentially an extension to your first 30-days with us.

You'll receive full creative support, including ad video editing and ad design.

We'll also fully support you with email copy, ad copy and tech support.

This includes automation management, utilising tools like Zapier to provide CRM integration alongside complete landing page design & funnel creation.

% on ad spend:

This is an additional charge based on your monthly ad spend.

up to £1kp/m	8%
£1k - £4kp/m	10%
£4k - £6kp/m	12%
£6kp/m+	14%

option two:
£850p/m + % Ad Spend

This option is best if you already have a graphic designer, web designer and tech specialist. We'll handle ads management and reporting, while you/your team provide creative and advanced tech. We also include essential tech support, so your campaigns run smoothly.

- essential source & kpi tracking
- basic landing page creation
- basic email sequence builds

creative: £500p/m

As an optional bolt on, you will receive full ad creative support, ensuring your campaigns are continuously supplied with fresh content for ongoing testing and optimisation, maximising your campaign efficiency.

video: £500p/m

As an optional bolt on, you will receive full video editing support ensuring your campaigns are continuously supplied with fresh content for ongoing testing and optimisation, maximising your campaign efficiency.

tech: £500p/m

As an optional bolt on, you can include full tech services, covering everything from advanced landing page and funnel design to the implementation of advanced automations and systems.
